Re: County Canyon Mine Reclamation Surety and Contract, Ash Grove Cement,  
M/023/024, Juab County, Utah

Dear Mr. Kerby:

The Division granted tentative approval for the County Canyon mine May 11, 1993. The 30-day public comment period expired the end of June, 1993. The Division is now awaiting a response from Ash Grove concerning the reclamation surety and Reclamation Contract before making final approval.

The reclamation surety estimate came to \$44,600. The Division sent surety forms and a Reclamation Contract form to you, along with our tentative approval letter dated May 11, 1993.

Please complete and return all required forms by November 30, 1993. Thank you for your assistance in finalizing this permitting requirement.

Sincerely,

Holland Shepherd  
Senior Reclamation Specialist
